*From the Rector*

As we enter this season of Autumn and a "new term" in our life together it will be a time of beginning and endings. In these notes there is information about various activities, some one off, which are beginning again. You will also read the good news that Billy Fyffe has been accepted to train for stipendiary ministry and he begins part-time study this month. Please keep him, Jane and Martha in your prayers.

We also look forward to our Harvest Services which mark the end of the growing season. And on endings .... earlier this year I indicated that I was hoping to retire at some point from full time ministry. Our plans moved about a little but I can now confirm that I have notified Bishop David that I will officially retire at the end of the year. On the 5th September I completed 22 years of service in Lecale and over the next two months I hope to be able to take one more service, at least, in as many of our churches as possible, before ending just before Advent at the end of November. The past years have truly been a blessing for Gerry, myself and all our family.

God bless, Henry

After many years exploring vocation and journeying through the Selection Process, I am very excited to begin my ordination training in September with the Church of Ireland Theological Institute.

I will be taking the part time route which means that my time with LAMP will not be affected and I will study and travel to Dublin once a month for the next four years. Jane, Martha and I are thankful for the trust shown to us by the Diocese and our friends across LAMP as we begin this new season together. Please continue pray for us as a family as we juggle family life, work and study.
