

FROM THE VICAR

Plenty continues to go on in and around LAMP. I am delighted by the success of the Community Fun Days which have taken place so far – thanks to all those who helped make them a success. Harvest Thanksgiving Services begin today, and will feature a range of guest speakers and musicians between now and the end of October. May I encourage to try to support other LAMP churches in their Harvest services.

Over the next weeks the Generosity Initiative teaching will be rolled out at Sunday services. This is something that happens in all vacant parishes in the Diocese. Roderic, myself and the Diocesan Team will deliver most of these though I am grateful for help from others in LAMP on one-off Sundays. As you can imagine, it has been a complicated job trying to fit in a four sermon series across most of the Churches in LAMP in such a way as to not interfere with Harvest and Remembrance and to take into account team leave and other factors. This means that you will see some initials you might not recognise on the rota – these are members of the diocesan staff. Some of the diocesan team will also attend services with LAMP staff. It also means that the LAMP staff will not always be in their usual church – but we know you will be gracious and welcoming whomever turns up!!
